----------------------	----------------

- Yes he does.
- Bruce Elgort is an exceptionally caring, kind and courteous instructor.
- Yes, Bruce is very respectful towards everyone in the class and quick to offer help to anyone who needs it.
- Mr Elgort is hands down the best instructor I have had the pleasure of learning from. He is hardworking, honorable, and deserving of the utmost respect; which he naturally gives to each and every one of the students in his class. As a person of color I have never been treated, nor have I perceived him to treat anyone else, any different for any reason. He should be the standard that every instructor at Clark is held to.
- I believe he does, he's very fair and makes himself understandable as he explains his work.
- Yes.
- Very much so, especially in terms of things such as disability, presenting tools and concepts for accessibility as it applied to the course and in web design as a whole. Though I can think of no examples around the other areas, he treated everyone equally and I saw no issues.
- Yes he does.
- Yes, Bruce was very kind, helpful and respectful whenever we interacted over the course of this term.
- Yes, I am disabled with accommodations and Bruce Elgort treated me very fairly.
- Yes, I experienced 100% respect throughout this quarter.
- Yes, whenever addressing questions he is always very respectful and responds to everywhere in a similar manor.

10 - What specific things has the instructor done especially well in teaching this course?

Bruce Elgort

Response Rate	13/18 (72.22%)
----------------------	----------------

- He gives great feedback!
- Being available for questions even on weekends. He also checks in with the students to make sure they're doing alright.
- He has gone above and beyond to be supportive and encourage me. He has gone out of his way to assist me in each time that I needed help. He is ALWAYS kind, compassionate and personable. His sunny disposition is an ABSOLUTE delight.
- The course content is very well organized and he is always readily available to answer any questions we might have.
- Everything.
- We rarely talk about our personal lives, and we focus on the work at hand; very professional :D
- Video instructions are excellent.
- Bruce uses multiple methods to convey information, not just expecting us to read a textbook and understand. Topics from the reading is reinforced through videos and exercises, as well as breaking down written information into smaller pieces through modules. The modules are also incredibly well organized and make navigation very user friendly.
- He had very clear and organized Canvas modules. Great video feedback. He also includes videos explaining well the concepts and how to apply them. He is always available when we need.
- Bruce provided a great deal of resources for each module that gave more information on what we were learning. Bruce also made the material very easy to follow along with his videos and feedback on assignments.
- Communication, respect, assignments, and understanding.
- Communication was really important with this class as a lot of the things we were doing required direct input from the teacher (which can be hard to do online!) and Bruce handled it very well.
- Being very clear about being able to hop in a zoom call and help anybody at beginning of days throughout the week. And when in the 1 on 1 call is extremely helpful and explains and problems the student has.

11 - What specific things could the instructor do to improve the teaching in this course?

- I have no complaints, criticisms, or corrections; just grateful.
- Nothing really, any problems I come up against in CTEC122 is mainly because of me, but he's helped me get through those every time.
