<ul style="list-style-type: none"> <li>Bruce listens to student concerns, is aware of the classroom dynamic, and invites and includes every student to be a part of the conversation and learning process. He provides an open learning environment and facilitates the needs of the students as best as he can.</li> <li>Mr. Bruce has always shown equal respect to each of his students, that's something that has been evident in each course I've taken from him. Because of it, I feel comfortable whenever I'm in class, and has me more engaged too.</li> </ul>

## 10 - What specific things has the instructor done especially well in teaching this course?

**Bruce Elgort**

<b>Response Rate</b>	2/4 (50%)
----------------------	-----------

- Bruce is fantastic at providing clear, concise, purposeful assignments and makes himself extremely accessible. His feedback is helpful and valuable. Bruce never misses a learning opportunity for himself or any of us students. He celebrates failure as a part of learning, and works hard to correct our course in a gentle and productive way.
- Even though this was an online course, Mr. Bruce has done really well in maintaining communication. He ensured we knew could contact him and discuss in Zoom any questions or concerns we had. He also provided constructive feedback on the work we've turned in, which has helped me grow and improve.

## 11 - What specific things could the instructor do to improve the teaching in this course?

**Bruce Elgort**

<b>Response Rate</b>	2/4 (50%)
----------------------	-----------

- Maybe having one group zoom to outline the expectations would help. The first few weeks I didn't quite understand what we would be doing.
- At times, especially during the beginning, I felt a little lost on what I needed to and how. I know this course was more independent and I could reach out to Mr. Bruce at any time, but perhaps I would have felt better if the weekly meetings were mandatory throughout the whole course? I think that's all I would suggest, this course has been insightful and enjoyable because this was putting everything we've learned in the past 2 years into practice.
