Response Rate	10/17 (58.82%)
----------------------	----------------

- Bruce is amazing I wouldn't change a thing!
- There are some parts of HTML that I feel like Bruce himself doesn't explain himself. It sometimes feels like I need to use a third party to understand what an HTML element is used for. I don't know if this is intentional or not.
- I really enjoyed this class, if there was anything I wanted it was just more projects to provide additional work...but I started creating my own pages half way through that satisfied me. In general, the class was very balanced and it was one of my favorite courses I have taken thus far. I enjoyed it so much, I just wanted more projects.
- I'm not sure what could be improved as the course is pretty good already.
